Press Room Provided Equipment and Services

SCI is committed to making the experience for the working media as professionally rewarding as possible. The Press Room provides wireless access so media can work effectively. Beverages will also be provided throughout the day, and light breakfast items in the morning. The Press Room will make available a limited number of computers for working media to use that will have Internet access. These computers are to be used strictly for research and story composing or filing. Any activity not relating to these may result in forfeiting all access and rights to the SCI Annual Hunters' Convention Press Room. Altering or changing any computer settings is strictly prohibited.

Registration and Eligibility

It is **MANDATORY** that media pre-register at www.showsci.org. All press registration and verification is at the sole discretion of the SCI Annual Hunters' Convention Public Relations staff.

Media who are pre-registered should proceed to the SCI Annual Hunters' Convention registration area located in the Press Room at the Reno-Sparks Convention Center. Photo identification will be required. Badges may not be picked up by anyone other than the registered badge holder. Registered media must wear issued badges during the Annual Hunters' Convention sessions and/or when covering Convention events.

SCI reserves the right to bar from this and future events any media badge holder who attempts to solicit services, advertising or subscriptions from press, registrants or exhibitors. Media members whose values do not closely align with the Safari Club International's mission to encourage an appreciation for nature and wildlife so that conservation efforts remain strong, while also fighting to protect the rich hunting heritage will also be denied access.

Any personal property is solely the responsibility of the owner. Neither SCI nor the Annual Hunters' Convention is responsible for the loss or damage of any property in the official Press Room.

Only authorized SCI Annual Hunters' Convention Staff is allowed in the Press Room administration area.
